**Where are
you going
to be
in 5 years
time?**

Ask yourself these questions...

- 1 •Are you living the life you really want?
- 2 •Are you satisfied with your current income?
- 3 •Are you happy with your career prospects?
- 4 •Are you planning for your retirement?
- 5 •Are you going to become financially free in the next few years (or ever) if you continue to do what you are doing now?

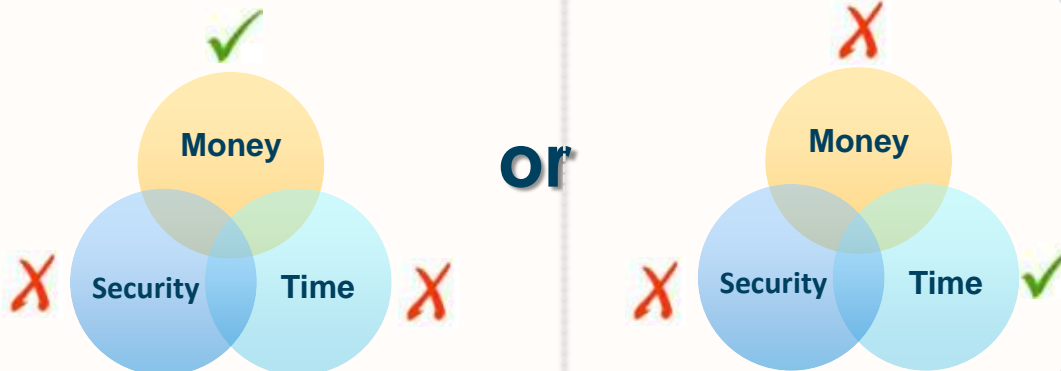

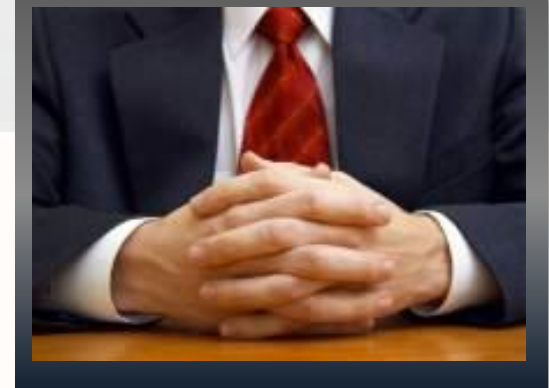

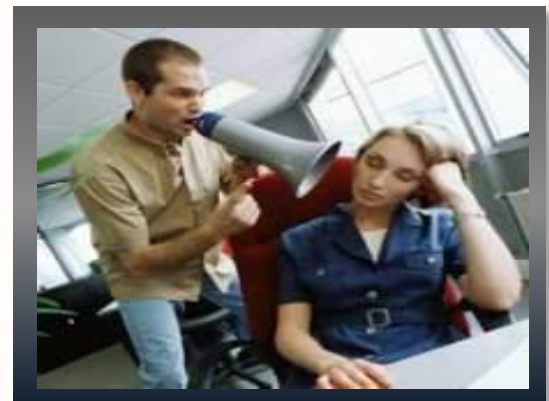

**To be able to do whatever you
want, whenever
you want, you need a large
passive income.**

**There is a difference between
active and *passive* income...**

Active Income

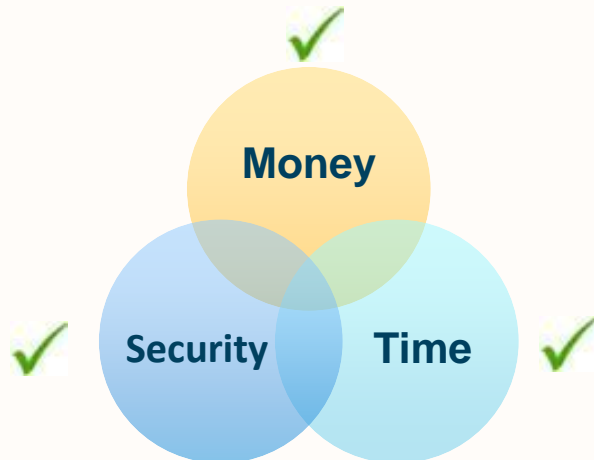

- 1 •Job
- 2 •Professional
- 3 •Self Employed
- 4 •Small Business
- 5 •Consultant

Passive Income

- Ongoing royalties or commissions

What are the results?

How can you get a large *passive* income?

- 1 • Inherit wealth and invest
- 2 • Win the lottery and invest
- 3 • Own a large share portfolio
- 4 • Have a real estate empire
- 5 • Write a best-selling book or song

...but these options are not available to most people.

You could start your own business...

.....*but the problems are :*

- 1 • High capital outlay
- 2 • High time outlay
- 3 • High overheads
- 4 • Long time to establish
- 5 • Lots of paperwork
- 6 • Experience
- 7 • Training
- 8 • Marketing expertise

1

This is where a lot of people do a little bit each.

2

We all *swap brands* and *share the concept* with new people.

3

Then we help these new people *do the same*.

Just *Imagine*...

Being in control of your own life

Having more time to spend with your family.

Having time to spend on your hobbies and travel.

Driving the car of your dreams.

Having enough money to buy and do whatever you want!

There are still some *questions* you could ask

1 Does it work?

YES

2 Can it work for you?

YES...we have a tried and proven system for you to use.

3 What will my friends think?

Our marketing and training system is so good, they will want to see what you have.

4 How can I do it ?

Use the training and marketing system!
