

FEATURES :

MiVeda Health Care products :

- OPC Anti-Oxidant Capsules
- Colloidal Mineral Drink

OPC Anti-oxidant is developed using the purest of plant based certified organic wellness ingredients, adopted from the ancient wisdom of indigenous plant phytotherapeutic therapies and backed by modern scientific confirmation.

Colloidal Mineral solution comes from naturally derived water extracted from a prominent Australian location. Although natural and pure, it cannot be certified because it is not possible to certify water and minerals as organic (by definition).

MiVeda Nutritional Care products are free from artificial fragrances, colours and biocidal preservatives. We believe that they are the finest active wellness products Mother Nature can provide.

FEATURES :

OPC ANTI-OXIDANT CAPSULES (MIV702)

Whole food Supplement providing essential vitamin and antioxidant nutrition for healthy, happy living

90 capsules

Oligomeric Proanthocyanidins

Certified Natural and Organic *OPC Extract* is a highly concentrated natural extract with a minimum of 90% Polyphenols, including Oligomeric Proanthocyanidins (OPCs) and Flavonoids, which are the potent water-soluble free radical scavenging compounds found in Grape Seeds and Pine Bark. A growing body of research indicates that OPCs may help to support the health of vascular, bone, kidney, brain and other tissues by supporting a healthy, balanced immune response to oxidative and metabolic stress. Among the many benefits attributed to flavonoids are reduced risk of cancer, heart disease, asthma, and stroke and they play a special role in protecting the brain.

Flavonoids, like other antioxidants, do their work in the body by corralling cell-damaging free radicals and metallic ions. The beneficial effect of the product appears to be largely due to the antioxidant effects of oligomeric proanthocyanidins and flavonoids on aging mitochondria. Mitochondria are the primary energy-producing components of cells.

Flavonoids exert their anti-oxidant activity through donating electrons, thereby quenching free-radicals at a cellular level. Flavonoids can protect cells from different insults that lead to mitochondria-mediated cell death. The mitochondria is a key participant in the life- supporting function of ATP synthesis (Adenosine Triphosphate synthesis).

HOW TO USE IT :

Take one capsule twice a day – preferably with meals. Do not eat the moisture absorption packet. Enclosed in the bottle natural colour variation may occur in this product. Store in a cool, dry place after opening.

WHEN TO USE IT :

It is suitable for everyday use for people of all ages above the age of 10 years. Younger people may take a reduced amount but with consultation with a doctor.

KEY FLOWER & PLANT INGREDIENTS :

- Organically certified Grape Seed Extract
- Organically certified Tumeric Extract
- Organically certified Ginkgo Extract
- Organically certified Pine Bark Extract

INGREDIENTS : Vitis Vinifera (Grape) Seed Extract*, Curcuma Longa (Tumeric) Root Extract*, Ginkgo Biloba Extract*, Pinus Stobus (Pine) Bark Extract*, Lycium Barbarum (Goji) Fruit Extract*, Emblica Officinalis (Amla) Fruit Extract*, Pullulan*, Vitamin E.

*INGREDIENTS FROM ORGANIC FARMING

Natural and Organic Cosmetic certified by ACO under the COSMOS Standard (available at: <https://cosmos-standard.org>).

COSMOS ORGANIC : 99.1% of the total ingredients are from natural origin. 10% of the total ingredients are from Organic Agriculture. 30.2% organic of total ingredients, minus water and minerals.

FEATURES :

COLLOIDAL MINERAL DRINK (MIV701)

Supplement your minerals and trace elements with a daily dose of natural Colloidal Minerals

SUPPLEMENTAL SOURCE OF TRACE MINERALS

- No artificial flavours
- No artificial colours
- No biocidal preservatives
- No synthetic actives

WHAT IT IS :

MiVeda *Colloidal Minerals* is comprised of highly absorbable, water-soluble minerals derived from colloidal mineral plant deposits that are harvested from a prominent Australia state. Each serving has naturally occurring trace amounts of many major minerals and trace elements. These colloidal minerals were created ages ago when they became incorporated into the living plants, fruits and vegetables of that era. These trace elements helped to form the luscious vegetation which contributed to the vibrant life which flourished on our planet. The micro-droplets contain up to 70 trace elements including but not limited to: Boron, Calcium, Chromium, Copper, Iron, Magnesium, Manganese, Molybdenum, Phosphorus, Potassium, Selenium, Silver, Sodium, Sulphur, Zinc (and many more elements). It is a powerful natural health mineral supplement and has many uses and applications. It is impossible to over-estimate the importance of minerals and trace minerals for the human body. They are the catalysts for all the vitamins and other nutrients your body uses for developing and maintaining good health. MiVeda *Colloidal Mineral Drink* captures the perfect balance of trace minerals your body needs. Ideally, minerals should come from eating a raw food diet. However, even eating a raw food diet will probably not be adequate since researchers have proven that soils have been depleted of minerals. Therefore if minerals are not in the soil which grows your food, there can only be a depleted uptake into your food. Here is where MiVeda *Colloidal Mineral Drink* helps support a diet deficient in trace minerals and elements. Taken every day, it helps ensure you are getting a full spectrum of ionic trace minerals, which are the same kind of bioavailable ionic trace minerals that are found in foods!

HOW TO USE IT :

Serving Size : 5 mls once or twice daily

REFRIGERATE AFTER OPENING. KEEP OUT OF REACH OF CHILDREN.

Not manufactured with yeast, wheat, gluten, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Using MiVeda *Colloidal Mineral Drink* every day may help maintain healthy energy levels in your body by providing your body's entire system with the minerals it needs to function properly.

MiVeda *Colloidal Mineral Drink* is an all natural mineral concentrate that is made by using our proprietary harvesting process.

Caution : For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of young children.

Serving Suggestions : This product is all natural and contains no added preservatives, flavours, or sweeteners. We recommend mixing it with juice or food. You may chose to begin your regimen by taking 10 drops for 3 consecutive days. Each day thereafter, increase serving by 10 drops up to 5 mls twice daily. Children age 2 to 10 : Take 1 drop for every 3 kgs of body weight, but only after consulting with a doctor.

INGREDIENTS : A typical batch will have: Purified Water, Citric Acid, Fulvic Acid, Potassium Sorbate, Sodium Benzoate. The following minerals occur naturally in Fulvic Acid: Boron, Calcium, Chromium, Copper, Iron, Magnesium, Manganese, Molybdenum, Phosphorus, Potassium, Selenium, Silver, Sodium, Sulfur, Zinc, and many more trace minerals.
