Caring for ultra-sensitive, irritated and acne and rosacea prone skin types

Gentle Certified Natural and Organic *Make-Up Remover for Eyes and Lips* is an innovation from the MiVeda Laboratories which combines effective cleansing with gentleness. The ultra-sensitive formulation is hypo-allergenic and rich in pure natural oils which effectively remove waxy, waterproof and long-lasting make-up. The coconut derived cleansing actives combine to create a very gentle gel which adds a pleasant sensation of freshness. The result is quick and easy removal of make-up leaving no greasy film around the eyes. Please note that it is important to remove mascara and eye make-up with dedicated products to help stop lashes from weakening, becoming brittle and drying out. This is why it is important to use this product, rather than a general facial cleanser on the eye area in particular. This outstanding product is exceptionally mild cleansing, prevents dry skin, restores lipid balance, nourishes and leaves skin soft and fresh. It is suitable for rehydrating and nourishing eye-lashes. It has affirmed skin-compatibility in dermatological tests, for skin that is ultra-sensitive to delicate.

Apply one or two pea-sized pearls to a damp cotton pad. Apply directly to the eye or lip area in a dabbing motion and begin to wipe the area towards the outer edge of the face.
